British authors 2-18

1 Interviewer: Hello, Luca. Today we're talking about books and British authors who write books. Do you have a favourite author?

Luca: Well, I love reading! I've got *three* favourite authors and I like all of their books.

Interviewer: Oh, great! Tell me about the first author.

Luca: His name's Roald Dahl. His books are very popular with children. He had an amazing imagination.

Interviewer: What's your favourite Roald Dahl book?

Luca: Well, I have two. One is called 'Fantastic Mr Fox'.

Interviewer: Wow, great! What's the other one?

Luca: It's called 'Matilda'. She's the main character. She loves books, too. And she can do magic! She's awesome.

2 Interviewer: So, tell me about another British author.

Luca: OK. Her name's Liz Pichon. She writes about a main character called Tom Gates.

Interviewer: Why do you like her books?

Luca: They are so funny. Also, she draws in her books. There are amazing doodles on every page.

Interviewer: What's a doodle?

Luca: A doodle is a kind of drawing. It's lines and shapes. Some children, like Tom, doodle in their notebooks at school – but teachers don't like it!

Interviewer: Tell me about Tom Gates.

Luca: The main character, Tom, is in Year 5 at school and he loves doodling and playing the guitar, but he doesn't like sports. He has lots of funny adventures at school. I want to be his friend!

3 Interviewer: So who is your third favourite British author?

Luca: She's very famous and very popular. Her name's JK Rowling.

Interviewer: Ah, yes – she writes the Harry Potter books, right?

Luca: Yes. I love the plots of her books. The stories are about children who can do magic and there are lots of adventures.

Interviewer: Do you have a favourite character?

Luca: Yes, her name is Hermione. She's a witch and she's very clever at magic school.

Interviewer: A witch?! Are the Harry Potter books scary?

Luca: A little bit, but it's fantasy, not real. The books are very exciting.
